Number System

Natural numbers:

Natural numbers are a part of the number system which includes all the positive integers from 1 till infinity.

The set of natural numbers are represented by the letter "N"

In Roster Form:

$$N = \{1, 2, 3, 4, 5, 6, 7, 8, 9, 10, \dots\}$$

In Set Builder Form:

$$N = \{x : x \text{ is an integer starting from } 1\}$$

Note:

Natural numbers will never consist of negative numbers or zero.

Natural numbers representation on a number line is as follows:
